CLARESHOLM LOCAL NEWS

C. Ellis of Toronto is visiting at Mrs. G. H. Schoof's.

Dr. McMillan was a business visitor in Calgary on Monday.

Nurse Beatrice Price came home for a visit on Thursday night.

C. Durning has secured a position with the Clareisholm garage.

As we go to press with this week's paper the worst blizzard of the season is raging.

Jack Jacobs went to Lethbridge Thursday, where he has employment on a tractor.

Geo. Carney purchased a new McLaughlin special last week from Vahorn & Stebbins.

Laurence Malby sold his ranch in the hills on Monday last to W. Lewis and T. Nowlin.

The sacrament of the Lord's Supper will be administered in the Methodist church next Sunday morning.

Dave Clark who has been working at the experimental farm is leaving to take a position at Stony Plain.

H. Peters motored to Calgary this week and will shortly take a trip to see his mining interests in British Columbia.

A. E. Strange has resigned his appointment as sheriff's bailiff and Bertrand D. Kundson has been appointed to the office.

The town band is now having regular practices every Thursday night. It bids fair to prove itself the best band we have had for many years.

Mr. and Mrs. Milnes and daughter, Miss Milnes, and Mrs. LeRoy Stebbins and sons, Mr. and Mrs. Earl Reid and family, were visiting the Milnes ranch on Sunday.

There seems to be no complaint about the music the band rendered in the band stand only the length of the program. We all hope they will have us with a longer one next time.

Principal Stephen is moving into the Demonstration farm house, having been appointed to the superintendency of the farm in addition to the principalship of the school. Mr. Stephen is a thoroughly practical man, hence there is every assurance that the work will go forward in the best possible manner.

Mrs. de Forest, Harold and Miss Annab de Forest have all been down with the "flu." Yesterday they were all reported on the mend.

Miss Hazel Hutton entertained a number of her friends, in honor of her cousin Miss Eva Hutton, who leaves shortly for her home in Lethbridge, "five hundred" being the game of the evening.

Mr. and Mrs. F. E. House of Spokane arrived in town on Friday morning. They have farming interests in this district and formerly lived in Clareisholm. They intend to spend the summer in Banff.

A Wednesday half holiday was petitioned for and provisionally passed by the town council last Thursday. Notice thereof appears in another column of this paper. It finally enacted, as it doubtless will be, it will come in to effect in June.

Fred Watkins is having a cement walk put down in front of the Wilton Hotel, which will be a great improvement. Mark Fisher is following his example. We hope the movement will become epidemic.

The band performance last Sunday was excellent. Messrs. Hurlburt and Buckley and Mrs. Alternate, of Camanagay, gave help that was greatly appreciated. A little music like that on a rainy day will go down well.

Geo. McMillan of the Demonstration Farm, with his family, leaves this week for his new appointment at the Stony Plain Demonstration Farm, twenty miles west of Edmonton. The Clareisholm citizens regret very much the necessity of his removal. Mr. McMillan has won a place in the community that it will be hard to fill.

We have received inquiries regarding the Clareisholm Gas and Oil Company. We are not in a position to state anything definite as to its present standing, except that there are several thousand dollars in the treasury. Oil prospects are at present very promising in the Peace river district and it might not be amiss to invest the lands on hand in some enterprise in that district. In any case the shareholders are entitled to know the condition of the finances and we would be pleased to publish a statement from the officials of the company.

Banking Credit for Farmers

THE CANADIAN BANK OF COMMERCE invites the Co-operation of its farmer customers in furthering its efforts to give them efficient service, particularly in the matter of credits for Grain Growing and Livestock

Grain Loans: It is this Bank's policy to carry its loans to grain growers so as to enable the latter to complete the fall work on their land, and market their grain gradually after the freeze-up.

Livestock Loans: We make liberal loans to farmers, large and small, to purchase both feeder and breeding stock, and we carry such loans so as to enable farmers to finish the stock property for the market.

Make your Banker your financial adviser and let him help you to solve your financial problems, with a view to enabling you to obtain what credit you require from the Bank and to pay back for your goods.

By giving your Bank Manager a full and truthful statement of your affairs, you cannot obtain the credit which you need and to which you think you are entitled, nor more a goodly share of the Bank's funds, but the Bank will be able to help you in the most efficient manner possible.

The Bank of Commerce will give you the most liberal terms of credit that the local Manager is disposed to give it, let them put on the facts to the Secretary of your Provincial Grain Growers' Association, with a view to his discussing the matter with the Bank's chief Western representative.

This is a form of co-operation we would cordially welcome.

Italy Considers She Has Had Poor Deal

London. — Public opinion in Italy, according to a wireless message from Rome, is much excited against the peace conference for refusing to recognize the Italian claims. Apparently there is a considerable feeling in Italy that the peace conference is not pressing for haste in view of the fact that the uncertainties of the Italian situation might possibly make an early inauguration of formal discussion between the representatives of the allied and associated powers and the Germans impossible. Delay in framing the treaty of peace is also a reason for not desiring the speedy arrival of the enemy.

Allies Welcome Delay

Will Not Hurry Germans on Account of Italian Situation

Paris. — The date of the arrival of the German peace delegation at Versailles is not yet determined, and the allies are not pressing for haste in view of the fact that the uncertainties of the Italian situation might possibly make an early inauguration of formal discussion between the representatives of the allied and associated powers and the Germans impossible. Delay in framing the treaty of peace is also a reason for not desiring the speedy arrival of the enemy.

Germany's Idea of League

Suggest World Parliament and International Tribunal

Copenhagen. — The German counter proposals to the league of nations are outlined in a long dispatch from Berlin. The German draft proposes that the league shall embrace belligerent states and all neutral states, which were signatories of The Hague treaty, other states to be admitted by the consent of a majority of the members of the league. The league is to be admitted without condition. It is proposed that the league shall function through a congress of states and a world parliament, the former to be the chief administrative body, comprising representatives, with equal rights, of all the member states.

The world parliament is to be elected from the parliaments of each state, one representative for every million inhabitants, but no parliament to send more than ten representatives. Further, it is proposed that two special bodies shall be created, an international tribunal and a mediation bureau, to decide disputes between nations of interests. Every difference between states must be submitted to either body.

No Relief for Germany

New York. The Federal reserve board issued an order here authorizing the remittance of funds to the countries of Central Europe, excluding Germany, through the United States relief administration only. United States food stocks held in Europe by the administration will be used as the medium of exchange.

State to Train Returned Men

Sydney, N.S.W. — The government of New South Wales will bear the cost of training returned soldiers for the government railways of the state. The state will be taken in order to replace men who are leaving the shops through natural causes, and also to meet contemplated extensions of the railway.

Italy Must Forego Claim to Fiume

London. — With reference to the Italian claims the Associated Press learns that under the treaty of London, Italy was entitled to Trieste, Pola and part of Dalmatia, but Fiume was to go to Croatia.

Great Britain has advised Italy in her own interests to forego some of her claims, but if the Italians insist on their rights, Premier Clemenceau will actively resist any attempt to give them to Croatia.

It is understood that President Wilson issued his statement on his sole responsibility, and that Premier Lloyd George and Premier Clemenceau are still actively seeking to bring about an agreement.

It was learned at Italian headquarters here this evening that the Italian delegates were first apprised of President Wilson's statement when it appeared in the afternoon. Premier Orlando at once sent a note to Premier Lloyd George and Clemenceau asking them if they thought it possible after the publication of this document the Italians could renege in the peace conference. A reply had not been received up to a late hour.

In the statement issued by President Wilson explaining his position on the Adriatic question, he declares

Hungarians Ask For Armistice

If Soviet Government Allocated Allies Will Grant Request

Berlin. — The Lokal Anzeiger's Vienna correspondent says that the Hungarian soviet government requested the entire mission, through the Hungarian diplomat in Vienna, to send delegates to Budapest to negotiate an armistice with the Rumanians.

Colonel Cunningham, representing the allies, after communicating with Paris, says the newspaper, "had the Rumanian government ready to conclude an armistice and immediately suspend the advance of its troops if the soviet government would abdicate and a new cabinet representative of all the bourgeoisie was formed and all the decrees of the soviet government were withdrawn."

British Pacifists' View

Says Terms Submitted to Germany Would Not End War

Huddersfield, Eng. — Philip Snowden, former Liberal minister and member of parliament, in an address at the annual conference of the Independent Labor party, said that the terms submitted to the Rumanians would not end the war. "The new war," he continued, "will be a war of systems and classes, in which the democracies of all nations will be ranged on one side against the hordes of oppressors and exploiters. We are not a party of violence. An intelligent and unselfish democracy need not in a country like ours, resort to methods of violence to achieve its aims. If revolution has to be initiated in Great Britain by violence, it will be the result of the resistance of the residue of the old new birth."

Riots at Hamburg

Affected the Unloading of Food Relief Ships for a Time

Berlin. — There have been serious disturbances at Hamburg during the week end. A mob plundered the harbor quarter and clashed with the police, several persons being killed and wounded. A dispatch to the Vorwarts says there was a regular battle in the suburbs of St. Pauli, west of the city.

A policeman was killed and several others were wounded, but the rioters suffered worse than the officers. The rioting was renewed, arms being distributed to mobs in St. Pauli, several persons being killed and wounded.

The rioting at Hamburg affected the unloading of food relief ships for a time, according to official reports received here, but the work was proceeding with voluntary laborers, and the situation is improving. The rioting was confined to the harbor quarter and the suburbs of St. Pauli, west of the city.

Negotiations affecting thousands of employees and almost all occupations of industry are being carried on daily in an effort to reach a settlement before working agreements expire May 1.

Their demands are backed by 37,000 shippers throughout Canada. About 6,000 Winnipeg men are affected.

Armed Defense of India Rules

Simla, India. — The governor general has promulgated a fresh order, proving that any court martial or commission may sentence a person convicted under martial law to transportation for life or ten years or rigorous imprisonment for seven years and not exceeding fourteen years.

The defense India rules have also been amended providing that no newspaper can be printed or published without previous sanction by the local government.

Wellington, N.Z. — The majority against prohibition in the New Zealand plebiscite is now placed at 1,800 by official returns.

French Losses in War

Number Over Three Per Cent of Population

Paris. — The Petit Parisien publishes a table of the relative losses of the allies in the war, according to which France, with a population of 38,762,000 mobilized 8,717,000 men, representing 20 per cent of the population.

England mobilized 5,704,000 men, or 12.6 per cent of the population, and the losses were 560,000, or 1.3 per cent of the population. The British colonies are not included in these figures.

The United States mobilized 3,800,000 men, or 4.1 per cent of the population, and her losses, 122,000, represents a percentage of 3.13.

Ban on Civil Aviators Limited

British Agree to Civil Aviation Schemes and Provide for Overseas Routes

London. — The ban of civil aviation will be raised May 1 in Great Britain. The air ministry, in preparation, has mapped out various air routes along which the civilian aviators will find aerodromes and mechanics for their machines. These routes, which will not only enable direct communication between London, Ireland, and London and the north, but also cater to some of the more important towns in the industrial districts.

Airports for traffic to and from overseas are for the present time limited to four. At these, overseas airlines must land for examination of goods and passengers. The airports are for continental traffic at Lympne, in Kent; for Dutch traffic, at Hatfield, in Suffolk; for Scandinavian traffic, at New Holland in Lincolnshire, and for traffic direct to London, at Hounslow in Middlesex.

Rumanians Advance

Acting Solely Under Orders of the Allies

London. — According to authoritative information, Rumania is acting solely under the orders of the allies and purely with the object of stemming the Rumanian advance.

No permanent occupation of territory is contemplated without sanction of the peace conference. While the Rumanian advance on Rumania is not entirely removed, it is believed that the position is much improved. The situation in Rumania grows brighter daily. The spirit of the army is magnificent and the continued arrivals of food, equipment and stores is a great relief.

Berlin. — The soviet government in Hungary has asked for a suspension of the Rumanian offensive and the arrangement of an armistice. The army is magnificent and the continued arrivals of food, equipment and stores is a great relief.

Britain Will Restore Forests Tyroleans Want Independence

Trees Will Replace Heavy Timber Cut Down During War

London. — Two hundred thousand acres of forest land in Great Britain are to be replanted at a cost for planting and maintenance the first year, of \$17,000,000, according to an announcement by the government. The trees will replace some of the heavy timber cut down during the war and provide additional forests, so that the country may be independent of other timber sources in case of the heaviest contingencies.

Foresters are being trained and the necessary saplings are being prepared. The government is also proposing to increase the acreage of re-forested land to 1,700,000 acres within the next 40 years.

FRIDAY, MAY 2, 1919

Local News.

The movement for church union took a step forward last Tuesday night when the committees appointed by the Presbyterian and Methodist churches held a joint meeting in the Presbyterian lecture hall. Perfect harmony prevailed throughout the meeting and a resolution was passed unanimously that the matter be submitted to the two congregations to settle by vote. The resolution that will be submitted is as follows: "Resolved, That the Methodist and Presbyterian churches of Claresholm form a federated church, in which each congregation will continue to support the various benevolences and missions of their respective churches, but in which both congregations will be united in home organizations and church expenses, and further that the pastor be chosen by a committee equally represented from both congregations." It is expected that the congregations will vote on the above resolution on Sunday, May 11th.

I. O. O. F. Anniversary.

It has been the custom of Odd Fellows everywhere to observe the anniversaries of the founding of the order, by attending church service in a body. This year being the one hundredth anniversary the day took on an unusual significance, and as befitting the occasion, it was the best observed in Claresholm of any anniversary since Foothills Lodge No. 13 was instituted here. Members of the Lodge turned out well, and the day being fine and the weather pleasant a large delegation from Barons Lodge improved the opportunity of becoming more fraternal, an act much appreciated by the Odd Fellows of Claresholm.

At 7 o'clock the members of the order formed in parade at the hall and led by the Claresholm band, marched to the church where Rev. Locke delivered an excellent and inspiring sermon. The church was filled to overflowing and many were turned away.

The band played well and the music added much to the effectiveness of the parade. It was a red letter day in the history of lodge anniversaries in Claresholm.

The Second School Festival under the auspices of the Claresholm School was held on Friday evening, April 25th. The assembly hall of the school was well filled with appreciative parents, listening to the songs and recitations of the children.

The Second Festival was a success in every aspect. Financially it netted the promoters \$100.85, which will be used exclusively for the next Festival. Being thus on a good financial basis it is the intention of those responsible for it to hold in the Old Fellows' hall.

It was also gratifying to see three outside school districts taking part. The exhibit sent in by the Gramma school was highly commented upon, and took several prizes. Next year it is to be hoped that more schools will take part, and that this be made a real children's festival for the Claresholm district.

The judges for the different items were as follows:
Music, Mrs. H. Strang, MacGardel, Miss Kaussey, Mr. J. Walker.

Recitation, Rev. Mr. Locke, Mr. J. R. W. MacKay, Mr. O. L. Reinecke, Mrs. G. Simpson.

The staff of the school wishes to express its sincere gratitude to the ladies and gentlemen who adjudicated, and also to the residents of Claresholm, who have given so eloquent a support to the movement with their presence at both festivals, and it would not be out of place to ask that suggestions be received and commented upon in the columns of the Review.

"In a demonstration at Martinsville this week in which nine machines took part, the Moline Universal finished its land of one and one-third acres five minutes ahead of its nearest competitor, and each tractor was pulling three plows instead of two as for us. The official time showed that it plowed an acre in fifty and one-half minutes at a cost of fifty-six cents per acre for fuel."—General Supplies, Limited, Calgary, Alta.

Spring is Here!

Have you had your car overhauled?

It will only be a short time until you will be giving it a lot of hard work, and you can hardly expect it to go on year after year giving you good service, without having it gone over and the wear which is bound to develop taken up.

Now is the time to have this done, so the car will be in first class shape and in condition to give you the service you expect of it throughout the summer. Let us give you an estimate on putting your car in first class running condition.

How about a coat of Paint?

We have just received a large shipment of special auto finishings which are easily applied and will prove a very durable new finish to your car. This includes dressing for the leather upholstery as well as both mohair and leather top dressing.

Ask us more about this.

UTILITY as exemplified in
McLaughlin 1919 models is
the result of an unwavering fidelity
to accepted engineering ideas.
No radical changes mark the new
"H" Series which are refined, de-
veloped and improved rather than
re-designed.

On the two chassis—Master Sixes

SERVICE THAT SATISFIES

A famous tractor—the Fordson

THE Fordson tractor has at-
tracted the attention of every
civilized country. It is used
by thousands in Europe today. It
has shown the way to make farms
produce more—in every country—
and of every size.

Built right—simple, durable,
economical, easy to operate—easy

to care for; the Fordson fulfills
every requirement. It will make
your farm a more profitable invest-
ment—will take worries off your
shoulders.

Burns kerosene—all gears are
enclosed. The Fordson is built es-
pecially to meet the need for a
tractor which must be cared for by
the operator himself.

Use it with the Oliver No. 7 Plow

Good plowing—every acre exactly as you want it—that's the
result of using the Oliver No. 7 Plow especially designed for the
Fordson tractor. Trash and weeds are buried at the bottom of
the furrow; the stop device maintains an even depth of furrow.
It's the plow that works to the best advantage with this tractor.

Come in and let us show you the Fordson tractor and Oliver
plow.
